Los Angeles, CA 90012

Subject: Implementation of ADC Pilot Project

Dear Ms. Webber and Mr. Sanabria,

This letter will serve as notification that Sunshine Canyon Landfill will begin utilization of the EnviroCover ADC product on Monday, September 14, 2015 on the waste disposal area located within the City side of the landfill.

The ADC Pilot Project was previously approved by the SCL-LEA on November 26, 2014. Sunshine Canyon sought concurrence from County DPW and submitted the Proposal to Conduct an Alternative Daily Cover Pilot Project on April 13, 2015. Three additional submissions were provided to the County on July 16, 2015, August 7, 2015 and again on August 20, 2015. These additional submissions were in response to DPW requested narrative changes and public outreach activities. Although we were optimistic that we would be able to move forward with County concurrence, it does not appear that approval is forthcoming.

Accordingly, we are compelled to move forward on the City side of the landfill at this time. We will continue to work with County staff to solicit the County's concurrence on the use of the Geosynthetic Panel Product on the County side of the landfill.

As outlined in the project description, we remain committed to monitoring and documenting the performance of the material throughout the pilot period and will work closely with the SCL-LEA and other interested agencies to do so in a thorough and complete manner.

Please do not hesitate to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Rob Sherman". The signature is fluid and cursive, with the first name "Rob" and last name "Sherman" clearly distinguishable.

Rob Sherman
General Manager
Sunshine Canyon Landfill

Subject: Implementation of ADC Pilot Project

Dear Mr. Thompson,

This letter will serve as the seven-day notification for implementation of the ADC Pilot Project previously approved by the SCL-LEA on November 26, 2014. Sunshine Canyon will begin utilization of the EnviroCover ADC product on Monday, September 14, 2015 on the waste disposal area located within the City side of the landfill.

As outlined in the project description, we remain committed to monitoring and documenting the performance of the material throughout the pilot period and will work closely with the SCL-LEA and other interested agencies to do so in a thorough and complete manner. We will continue to work with County DPW staff to solicit their concurrence on the use of the Geosynthetic Panel Product on the County side of the landfill.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Rob Sherman

Subject: Implementation of ADC Pilot Project

Dear Mr. Proano,

This letter will serve as notification that Sunshine Canyon Landfill will begin utilization of the EnviroCover ADC product on Monday, September 14, 2015 on the waste disposal area located within the City side of the landfill. The ADC Pilot Project was previously approved by the SCL-LEA on November 26, 2014.

As you are aware, Sunshine Canyon initially submitted the Proposal to Conduct an Alternative Daily Cover Pilot Project to County DPW on April 13, 2015. Three additional submissions were provided to the County on July 16, 2015, August 7, 2015 and again on August 20, 2015. These additional submissions were in response to DPW requested narrative changes and public outreach activities. Although we were optimistic that we would be able to move forward with County concurrence, it does not appear that approval is forthcoming.

Accordingly, we are compelled to move forward on the City side of the landfill at this time. We will continue to work with County staff to solicit the County's concurrence on the use of the Geosynthetic Panel Product on the County side of the landfill.

As outlined in the project description, we remain committed to monitoring and documenting the performance of the material throughout the pilot period and will work closely with the SCL-LEA and Los Angeles County DPW to do so in a thorough and complete manner.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Rob Sherman
